### Profile

Creative front-end web developer looking for full-time job position in Aalborg. Interested in e-commerce and have more than 4 years of experience with it. Have strong understanding and knowledge of different programming languages: PHP, JavaScript, jQuery, CSS, HTML, MySQL ,

### Skills

During my education I became familiar with various programming languages and features of web industry. Learned how to work in team according the project management tools. Can build a website from scratch, optimize already existing applications or can easily integrate new features.

## Languages

Danish - Fluent  
English - Fluent  
Latvian - Fluent  
Russian - Native

## Courses and certificates

Driving licence - B

Dansk - A level (AAU  
Adgangskursus)  
AALBORG, DK

2013-2014

Photokursus (VrårHøjskole)  
VRÅ, DK

2010-2011

Illustration and drawing was always part of my life. However I understood the power of it when I learned the AfterEffects. Where I can animate any single piece in so many ways. I do love create smooth graphics animations and work with video production. Also i can work do digital sound production.

## Interests

Graphic motion animation  
with AfterEffect

Can easily create a short illustrated cartoon or any motion graphic for APP prototypes. Work with help of Adobe programms.

Photography

Work outdoor or in a studio. Can handle post production of photo or take photos of products for E-commerce

Music Production      *\* [Link to soundCloud](#)*

It is my hobby. I run my personal home record studio. Can produce small intro sounds for animations or work with sounds post production.
